

50-369 Fitting Instructions

Remove the original radio using Philips/Grundig radio release keys

Remove the metal bracket. This is tightened by Torx T20 screws.

Remove the top storage bin using a plastic wedge tool

Remove the plastic dashboard part which connects the frame from left to right.

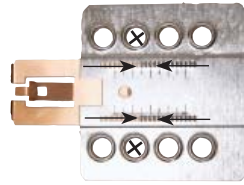

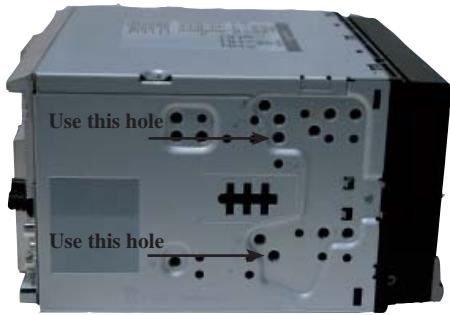

Place the top storage bin and then the 2-Din replacement panel.

Place the 2-Din headunit.
Place the radio trim.

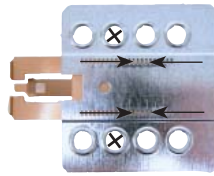

Connect all of the needed wiring harnesses and check the connections carefully.
