## Installation example with universal 1Din aftermarket kit:

1)

1) Assemble left and right spring brackets together as shown in the picture.

2)

2) Slide the plastic frame into the radio silver box.

3)

3) Now fix the left and right spring brackets on the silver box with the supplied screws, as shown in the pictures.

4)

4) Slide the unit into the metal cage until it's locked.
